

SPACE-FLIGHT - DENTISTRY 1965-1973

1965

(Jones, J.) Dentistry contributes to aerospace experiments. Dr. Jerry Jones designs bite boards for astronauts. Bull S Diego Dent Soc 35: 16-7, August 1965.

1966

Ferguson, J.H. et al. An emergency dental kit encasement for use on extra-terrestrial missions. SAM-TR-66-34. US Air Force Sch Aerospace Med 1-5 April 1966.

Hartley, J.L. et al. Astrostomatology. Dental standards for the selection and examination of space crewmen. SAM-TR-66-56. U.S. Air Force Sch Aerospace Med 1-3, June 1966.

Nicolas, G. Dental kit adapted to space missions.(I). Med Hyg (Geneve) 24: 859, Cont'd, 14 Sept., 1966. (Fr)

Dental kit adapted to space missions. (II). Med Hyg (Geneve) 24: 903, Concl, 21 Sept., 1966. (Fr)

1967 Courtade, G.L. Space age dentistry is here. Bull Suffolk Dent Soc 8-9, 1967.
ALSO IN: Virginia Dent J 45: 25-6, Feb., 1968

Phillips, R.W. Space age dentistry and combat filling material. Fortn Rev Chicago Dent Soc 54: 13, Aug.1, 1967

Porter, A. Pattern for the future. J Ontario Dent Ass 44: 16-21, Oct., 1967

1968

Bücker, H. The importance of space flight for biological and medical research. Zahnaerztl Prax 19: 21A2, 15 Jan., 1968. (Ger)

1969

Dental research and man's exploration of space. Quart Dent Rev 3: 81-2, Autumn 1969

Hudson, N.C. "Dentistry and the man on the moon". J.A.D.A. 78: 1260-4, June 1969.

McAleer, J.A. Nutrition in space. J Indianapolis Dent Soc 21: 12-13, Feb., 1969

Schweisheimer, W. Dental problems and care of the teeth on the moon flight-dental self-care for astronauts. Zahntechnik (Zurich) 27: 414-7, Sept-Oct, 1969. (Ger)

1970

_____ Dentistry and the man in the moon. Fauchard 1: 70-2, Feb 1970. (Spa)

Frome, W.J. Space dentistry. Dent Economics 60: 26-29, July 1970.

Schweisheimer, W. Dental problems and dental care during moon flights. Quintessence Int 1: 97-9, April 1970.

_____ Dental problems during the moon flight. Zahnaerztl Mitt 60: 635-6, 16 June 1970. (Ger)

SPACE-FLIGHT - DENTISTRY continued:

- 1970 Schweisheimer, W. Dental self-help for astronauts. Substitution dental care for astronauts. Quintessenz 21: 87-9, Jan., 1970. (Ger)
- Sittig, R. Space dentistry... a new science. Dent Econ 60: 24-9, July 1970
- Space medicine. ADM 27: 255-8, May-June 1970. (Spa)
- 1971 Brown, L.R. et al. Hypobaric chamber for oral flora study in simulated spacecraft environment. J Dent Res 50: 443-9, Mar.-Apr., 1971
- Ivashchenko, G.M. et al. Stomatological service for space flights. Stomatologija (Mosk) 50: 89-93, July-Aug., 1971. (Rus)
- 1972 Bolinder, G. et al. Aerodontalgia. Apollonia(Malmo) 20: 8-17, 1972. (Swe)
"Skylab will carry dental instruments for emergency care of astronauts!"
A.D.A.News May 8, 1972. p. 4
- 1973 Brown, L.R. et al. Effects of a simulated spacecraft environment on the oral micro-flora of nonhuman primates. Oral Surg 35: 286-93, Feb., 1973.
- 1974 Brown, L.R. Effects of Simulated Skylab mission on the oral health of astronauts. J. Dent. Res. 53: 1268-75
Sept.-Oct., 1974
