Booking a Group Study Room
You will have to sign in using your Utorid and password before you can book a room.

After signing in, the Room Bookings page will now appear.

After reviewing this page, you can click on “Book a Room”.

Here you will see all available times and room bookings that have already been created.

You can select the date at the top of the page by using the arrows or clicking on the calendar icon.

We can see if someone has booked a time slot if it is blue contains a name.
Now we can go ahead and book an available time. For this example, we will book a room from 8:30am to 11:00am on October 18th.

When you select the time you would like and release, this page automatically opens.

After you finish inputting your information, click create to finish your booking.

Your booking will now show up on the main page. You can always come back to this page and click your name if you would like to make changes or delete it.
